

# TERMS OF USE

TRADEAWAVE, LLC ("TRADEAWAVE") provides training, educational, and market information services through its website located at [www.TRADEAWAVE.com](http://www.TRADEAWAVE.com) (the "Site") and its online Chat Room (the "Chat Room").

## General Disclaimers

TRADEAWAVE is not registered as an investment adviser. Rather, TRADEAWAVE relies upon the "publisher's exclusion" from the definition of "investment adviser" as provided under Section 202(a)(11) of the Investment Advisers Act of 1940 and corresponding state securities laws. The Site is a bona fide publication of general and regular circulation offering impersonalized investment-related advice to subscribers and/or prospective subscribers (e.g., not tailored to the specific investment needs of current and/or prospective subscribers).

The Site and the Chat Room are currently limited to the dissemination of impersonal investment related information pertaining to TRADEAWAVE's Fibonacci and Elliott Wave theory based analyses (the "Service"). Its publication on the Internet should not be construed by any subscriber and/or prospective subscriber as TRADEAWAVE's solicitation to effect, or attempt to effect, transactions in securities over the Internet.

Subscribers to the Service do not receive investment reporting, investment supervisory, or investment management services, nor the ongoing review or monitoring of the subscriber's individual investment portfolio. Therefore, no Service subscriber should assume that his/her participation in the Service serves as a substitute for ongoing individual personalized advice from an investment professional of the subscriber's choosing. Rather, the Service is designed solely to provide subscribers with a method to evaluate and obtain information on market analysis, current events, trade methodology, and other related information.

TRADEAWAVE is an educational service, not an investment advisor. All subscribers to the Service receive the exact same technical analysis and potential trading signal information. Active trading is not for everyone. Please speak to your investment advisor before determining the suitability of TRADEAWAVE educational services for your objectives and risk tolerance.

The Service subscriber maintains absolute discretion as to whether or not to follow any proposed Service recommendations or any portion thereof. TRADEAWAVE does not offer or provide investment implementation services, nor does it offer or provide initial or ongoing individual personalized advice (neither in person nor via the Internet).

Certain portions of the Site and the Chat Room may contain discussion of, and/or provide access to, TRADEAWAVE's positions and/or recommendations as of a specific prior date. Due to various factors, including, but not limited to, changing market conditions, such discussion may no longer be reflective of current position(s) and/or recommendation(s). Moreover, no subscriber or prospective subscriber should assume that any such discussion serves as the receipt of, or a substitute for, individual personalized advice from an investment professional of his/her choosing.

TRADEAWAVE may receive a fee from an affiliated or unaffiliated service provider that it may recommend on the Site. While TRADEAWAVE may review the products and services of any such recommended affiliated or unaffiliated service provider, subscribers and/or prospective subscribers are urged to determine for themselves whether any such recommended service provider is appropriate for his/her individual circumstances prior to the engagement thereof. TRADEAWAVE does not make any representations or warranties as to the accuracy, timeliness, suitability, completeness, or relevance of any information prepared by any third party, whether linked to the Site or incorporated therein, and takes no responsibility therefore. All such information is provided solely for convenience purposes only and all users thereof should be guided accordingly.

Subscribers are responsible for canceling a subscription if they wish to discontinue the Service. Free trial subscriptions automatically become a paid monthly subscription if not canceled. Site log in credentials are deleted immediately upon canceling a subscription. Therefore, subscribers are encouraged to cancel a subscription on the eve of the last day of a monthly billing cycle. Credit for unused portions of a subscription cycle cannot be refunded. Refunds will not be given if a subscriber fails to cancel a subscription. Subscriptions can be canceled through a subscriber's PayPal account.

## **Disclaimers and Limitation of Liability**

Each subscriber or prospective subscriber acknowledges and accepts the limitations of the Service, and agrees, as a condition precedent to his/her access to the Site, to release and hold harmless TRADEAWAVE, its officers, directors, owners, employees, agents, affiliates or referral sites by his/her subscription to the Service.

Neither TRADEAWAVE nor any other party involved in creating, producing, or distributing the Site shall be liable for any direct, indirect, incidental, special, or consequential damages that result from the use of or inability to use the Site, including but not limited to interruptions, deletion of files or email, errors, defects, viruses, delays in operation or transmission, or any failure of performance, whether or not resulting from force majeure, communications failure, theft, destruction, or unauthorized access to TRADEAWAVE's records, programs, or services. Because some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, in such jurisdictions, our liability is limited by the fullest extent permitted by law.
